## Reflective Writing

Read the example of reflective writing in the box. Then write a paragraph in the spaces below. Use correct sentence structure.

When I look up at the sky, I understand more about the universe than I did before. In science, we learnt that the sun is the only star that we see in the daytime. Out there are billions of stars that are more enormous or are much smaller than our sun. Depending on how hot they are, the stars come in different colours. Blue is the hottest colour. Our yellow sun is only of medium star temperature – about 6000°C or so. That's so cool!
