

FOOD CHAINS GAME

Materials you need:

This laminated cardboard, a die, a sheet of paper, a pen

How to play:

1. Play with a partner.
2. Throw a die. The number tells you on which plant to start.
3. Work out the longest possible food chain that includes this plant.
4. Ask your partner to check your food chain.
5. Add up your score for all the organisms in your food chain.
6. Now it's your partner's turn.
7. At the end of the game, the person with the highest score is the winner.
