

INTERVIEW WITH A BODY ORGAN

You are about to be interviewed as if you were a human body organ – heart, lung, brain, stomach, small intestine, large intestine, liver, kidney, or skin. Choose the organ you wish to be and then answer the questions in the spaces.

1. Which organ have you chosen? _____

2. Where are you found in the body? _____

3. What do you look like? _____

4. Are you alone or do you come in pairs? _____

5. What job do you do? _____

6. If you stopped working, could the body function without you or could it find a replacement/transplant and keep on going? If so, how? _____
