Reflective Writing

Read the example of reflective writing in the box. Then write a paragraph in the spaces below. Use correct sentence structure.

When I first started learning physics, I thought I would never be able to remember all the equations. I thought it would be boring doing all that maths in science lessons. After I took the time to write down the equations I needed to learn and looked at them every day for a whole week, I could complete the mathematical part at the speed of light.

When I first started learning physics, _____

The part I enjoy most in physics is _____
